### § 17.110 Copayments for medication.

(a) *General*. This section sets forth requirements regarding copayments for medications provided to veterans by VA.

(b) *Copayments*. (1) *Copayment amount*. Unless exempted under paragraph (c) of this section, a veteran is obligated to pay VA a copayment for each 30-day or less supply of medication provided by VA on an outpatient basis (other than medication administered during treatment).

(i) For the period from July 1, 2010, through December 31, 2016, the copayment amount for veterans in priority categories 2 through 6 of VA's health care system (see § 17.36) is \$8.

(ii) For veterans in priority categories 7 and 8 of VA's health care system (see § 17.36), the copayment amount from July 1, 2010, through December 31, 2016, is \$9.

(iii) The copayment amount for all affected veterans for each calendar year after December 31, 2016, will be established by using the prescription drug component of the Medical Consumer Price Index as follows: For each calendar year, the Index as of the previous September 30 will be divided by the Index as of September 30, 2001 which was 304.8. The ratio so obtained will be multiplied by the original copayment amount of \$7. The copayment amount for the new calendar year will be this result, rounded down to the whole dollar amount.

NOTE TO PARAGRAPH (b)(1)(iii): Example for determining copayment amount. The ratio of the prescription drug component of the Medical Consumer Price Index for September 30, 2005, to the corresponding Index for September 30, 2001 (304.8) was 1.1542. This ratio, when multiplied by the original copayment amount of \$7 equals \$8.08, and the copayment amount beginning in calendar year 2006, rounded down to the whole dollar amount, was set at \$8.

(2) The total amount of copayments in a calendar year for a veteran enrolled in one of the priority categories 2 through 6 of VA's health care system
